Texas On My Mind - Pat Green

Intro G …… C-G6-D/Gb-G … x4

G C G
I woke up - this morning - Texas on my mind
Em A7 D
Thinking about my friends there - and a girl I'd left behind
G Em C G
The way she held me when we kissed - the loving that we'd done
C G D G
And how I left her waving goodbye - standing in the Texas sun

C G C G
I've got a half a mind to call her - half a mind to go
C G D G
Jump a big jet liner - and wing it on my way back home

G C G
And all the morning it was raining - on the streets of Liverpool
Em A7 D
So I stayed in and played guitar - and sang the lovesick blues
G Em C G
My mind kept going back in time - when we both had fun
C G D G
And how I left her waving to me - standing in the Texas sun

C G C G
I've got a half a mind to call her - half a mind to go
C G D G
Jump a big jet liner - and wing it on my way back home

Em D C Em D C
In my dreams she's still in love with me - But I'd have to travel home to see
D C G
If she's found another man - to take the place of me

D C D
Guess I'll have to keep on dreaming sunny memories
