

Arms Of A Woman

Tab Chords And Lyrics

By Amos Lee

Intro A-D-A-E

I am at ease in the arms - of a woman
Although now - most of my days i spend alone
A thousand miles - from the place i was born
But when she wakes me - she takes me back home

Now, most days - i spend - like a child
Who's afraid - of ghosts in my mind
I know - there aint nothing out there
I'm still - afraid to turn on - the lights

I am at ease in the arms - of a woman
Although now - most of my days i spend alone
A thousand miles - from the place i was born
But when she wakes me - she takes me back home
