

Broken

Chords & Lyrics – Jackson Taylor

Intro – G-C-D-C-G

Well it's broke and shattered - Everything that mattered

But I've done the best that I - I could have done

So please let me up - Cause I've had enough

Yeah, I'm giving in and I'm - I'm giving up

Cause there ain't no lucky stars up - there shining down on me

There ain't no over the rainbow - from where I can see

No there ain't no pot of gold ----- For the broken like me

No there ain't no pot of gold, no hand here to hold

For the broken like me

Break – G-C-D-C-G

Yeah many times I've held you - But I never touched you

No I'll never be the one - That can make you feel

So I'd give you up - Just write it up to experience

But I'm over qualified - In the losing field
