Burgers And Fries
Tab Chords And Lyrics
By Charley Pride

Intro - sliding D structure
Capo on 3rd fret

```
G                          Bm                    C                      G
Burgers and fries and cherry pies, it was simple and good back then
                           Bm                    C                      D
Walking in the sand hand in hand never thinking that it could end
C                              Bm                  Am      Bm       C
Making our love with the moon above at the drive in picture show
                                          G                Am   D            G    D
And it was burgers and fries and cherry pies in a world we used to know

G                                  Bm
Changes come and go - we've had our share I know
          Dm                   G7                   C
Now it seems we don't have time for love anymore
           Am                              D7
All the things we used to say - little things we did each day
       Am                 D7                    G     D7
Oh I long to do - the things that we did before

Ch
           G                               Bm
Well I'm still the same old me - that's all I'll ever be
      Dm                  G7                    C
I'd like to think - that you're the same old you
        Am                                    D7
We lost something down the line - that I wish we both could find
   Am                  D7                     G   D7
I'd like to do - the things that we used to do

C h x 2
