

# Do You Love As Good As You Look

## The Bellamy Brothers

Intro - G - C/G - G

                  C                  G  
Long blonde hair - sky blue eyes

                  D                  C                  G  
Yeah, that well-bred look is easy to recognize

                  C                  G  
A tailored dress, a fit so fine

                  D                  C                  G  C/G  G  
And it adds up to the question on my mind

                  C/G                  G  C/G  G  
Honey, do you love ----- as good as you look?

                  D/Gb  Em                  C                  D  
Can you satisfy your man - like your body says you can?

G                  C                  G                  C  
Judging from the cover - I'd love to read the book

                  G  C          D                  G  C/G  G  
Honey do you love ---- as good as you look?

                  C                  G  
If you could read my mind - you might blush blood-red

                  D                  C                  G  
But then again you might come over here instead

                  C                  G  
I see they brought your check - and soon you're bound to go

                  D                  C                  G  C/G  G  
If I don't make my move right now I may never know
