We pass in the hall - on our way to separate rooms

The only time we ever talk - is when the monthly bills are due

We go to work we go to church we fake the perfect life

I'm past the point of giving damns - all my tears are cried

We can just go on like this - Say the word we'll call it quits

Baby you can go or you can stay

But I won't love you either way

It's been so long since I've felt - Anything inside these walls

You can't help you can't hurt - When you don't feel at all

I used to cry and stay up nights and wonder what went wrong

It's been hard but hearts can only do that for so long

We can just go on like this - Say the word, we'll call it quits

Baby, you can go or you can stay - I won't love you either way

Break – D-G-A

We can just go on like this - Say the word we'll call it quits

Baby you can go or you can stay

But I won't love you either way
