

Every Girl

Chords & Lyrics

By The Turnpike Troubadours

Well she was born in the morning late October San Antone
Aw she's every girl I've ever known

Break - G-C-G-Em-C-G

Well she was born in the morning - late October San Antone
Aw she's every girl I've ever known

She don't talk about religion - she talks about the stones
Oh she's every girl I've ever known

And her tongue is like the Devil - when she tries to concentrate
She says she don't want marriage - but she still believes in fate
And she stands her ground defiantly - but cries when she's alone
Oh she's every girl I've ever known

Break - G-C-G-Em-C-G

Now her voice it is a melody that sings just like a bird -- Oh she's every song I've ever heard
And her heartbeat is a rhythm that commands her every word
Aw she's every song I've ever heard

She reflects the world in happiness and echos all the pain
Her smiles the world of sunrise - her cries to make it rain
And she hides the truth discretely - you'd have to take her word
Aw she's every song I've ever heard

Break – G-C-G-Em-C-G (x2)

 G C G
She's a sober Sunday kitchen - conversation with my dad
 Em C G
Aw she's every friend I've ever had
 G C G
Well we never failed to cut a trail - whenever times were bad
 Em C G
Oh she's every friend Ive ever had
 C G C G
She's a flighty good time buddy - in the corner of the bar
 C G Em
But she'd fight the Devil for ya - just for being who you are
 G C G
And she's the last to cast a stone although she'd love to leave you mad

Oh she's every friend Ive ever had
