

How Am I Doing Chords And Lyrics By Dierks Bentley

E A B7 E
It's strange to hear your voice - I did not expect for you to call
A Gbm
You wonder how I'm doin' - How I'm holdin' up
B7 e
Since you did me wrong

A
Well how am I doin' since you did - what you done to me?
E
I can't lie I sometimes cry when I think of how it used to be
A
I keep my friends with me I stay busy and I don't get much sleep
E B7 E
Baby that's how I'm doin' since you did what you done to me

A
Well now wait one minute, I - failed to mention
E
Those tears I cried, are tears of joy
A
Cause' it was no fun there - Under your thumb and
B7 E
Now that we're done I'm - Gettin' right every night
With every single ever-lovin' girl in sight, so

A
Well how am I doin' since you did - what you done to me?
E
I can't lie I sometimes cry when I think of how it used to be

A
I keep my friends with me I stay busy and I don't get much sleep

E B7 E
Baby that's how I'm doin since you did what you done to me

She never took her ever-lovin' eyes off me so
