

I Knew The Bride When She Used To R/R

Tab Chords And Lyrics

By Nick Lowe

Capo on 2nd fret – Drop D Tuning - Intro – D-G...D-A-D

Well the bride looked a picture in the gown that her momma wore
When she was married herself nearly 27 years before
They had to change the style a little but it looked just fine
Stayed up all night but they got it finished just in time
Now on the arm of her daddy - she's walking down the aisle
And she catches my eye - and she gives me a secret smile
Maybe it's too old-fashioned but we were once close friends
Oh but the way she looks today she never could have then
Well I can see her now in her tight blue jeans
Pumping all her money in the record machine
Spinning like a top - you shoulda seen her go
I knew the bride when she used to rock and roll
I knew the bride when she used to rock and roll
Now a proud daddy only wanna give his little girl the best
So he put down a grand on a cosy little lovers nest
You could have called the reception an unqualified success
And a flash hotel for a hundred and fifty guests
Take a look at the bridegroom smiling pleased as pie

Shaking hands all around with a glassy look in his eye ^D
He got a real good job and the shirt and tie is nice ^A
But I remember a time when she would never even look at him twice ^D
Well I can see her now drinking with the boys ^G
Breaking their hearts like they were toys ^D
She used to do the pony - she used to do the stroll ^G
