

I Made Peace With God Chords & Lyrics – Radney Foster

Intro – D-Em-A7sus-A7

I made peace with God that day - By the hospital door
When they wheeled my 2 year old in strapped to ambulance board
And my blood ran cold - and the truth be told

I made peace with God that day
Well you don't know love - til you're so scared

That you're cryin out to someone you don't think can hear]
You aint talked in years - but you cry those tears

I made peace with God that day

Well I don't know who moves first - or how a curse turns to a prayer
But when things are at their worst - he's there

Well you couldn't tell - who had the bigger smile
A7sus A7 D
