

I Need A Breather

Tab Chords And Lyrics

By Darryl Worley

Capo on 4th fret (optional)

G C D G
I got a place that I like to slip off to when everything starts closin' in
C
And I got some ways that the world don't agree with
D G
Yeah some folks would call it a sin
C G
But I work like a dog and I'm good at my job
C D
And I live for a one-day weekend
G C
So I'm takin' off and I might stay a week
D G
Hell I may never come back again

C G
I need a breather, a sweet senorita - Writin' my name in the sand
D G
I need a break from this job and this angry boss man
C G C
Some coconut lotion - a chair by the ocean just sit back and take it all in
D D7 G C D G
I got the fever - and I need a breather again

G C D G
The people at work - they think I'm a loner - But I need some time to myself
C D G
And I don't want to waste my precious vacation - Livin' for somebody else
C G
'Cause I'll have a drink - and I might fall down
C D
And I don't think that they'd understand
G C D G
I know it all sounds a little bit crazy - Well maybe that's just what I am

C G
I need a breather, a sweet seniorita - Writin' my name in the sand
D G
I need a break from this job and this angry boss man
C G C
Some coconut lotion - a chair by the ocean just sit back and take it all in
D D7 G C D G
I got the fever - and I need a breather again

Break - G-C-D-G ... G-C-D-G

G C D G
Things fell apart - down at the office - And I'm getting blamed for it all
C D G
I've only been back for a couple of days - And I'm already climbin' the wall

C G
Hey I need a breather, a stiff margarita - Bring'em as fast as you can
D G
'Cause I need a break from this job and this angry boss man
C
Some coconut lotion, a chair by the ocean
G C
Just kick back and take it all in
D G
Yeah I got the fever, I need a breather again
C D G C D G C G (my ending)
I got the fever and I need a breather again
