

I Overlooked An Orchid - Mickey Gilley Chords And Lyrics

G C G
The orchid is a flower - that blooms so tenderly

D
It thrills the fairest lady - of the land

G C G
If placed beside a blushing rose - the rose - could not compare

D G
But how was such - as I to understand

C G
I overlooked an orchid - while searching - for a rose

D
The orchid that I overlooked - was you

G C G
The rose that I was searching for has proved - to be untrue

D G
The orchid - that I find my dear was you

Break - G-D-G

C G
The rose has lost its color - but the orchid - stays the same

D
And I'm alone to face - these lonely years

G C G
I didn't see the orchid - I was looking - for a rose

D G
And now I pay the price with bitter tears
