

# I'm Gonna Hire Me A Wino

## David Frizzell

C F  
I came crawling home last night - like many nights before

C F G C  
I finally made it to my feet - as she opened up the door

F G C  
And she said, "You're not gonna do this anymore

F  
She said I'm gonna' hire a wino - to decorate our home

C G  
So you'll feel more at ease here - and you wont need to roam

C F  
We'll take out the dining room table - and put a bar along that wall

C G C  
And a neon sign will point the way to our bathroom down the hall

She said: "Just bring your Friday paychecks

F  
And I'll cash them all right here

C G  
And I'll keep on tap for all your friends - their favorite kinds of beer

C F  
And for you, I'll always keep in stock - those soft aluminum cans

C G C  
And when you're feeling macho you can crush them - like a man

F  
She said we'll rip out all the carpet - and put sawdust on the floor

Serve hard boiled eggs and pretzels - and I won't cook no more  
C G  
There'll be Monday night football - on T.V. above the bar  
C F  
And a pay phone in the hallway when your friends can't find their car

She said: "You'll get friendly service - and for added atmosphere  
G  
I'll slip on something sexy - and I'll cut it clear to here

Then you can slap my bottom - every time you tell a joke  
D G  
Just as long as you keep tipping - well I'll laugh until you're broke

She said instead of family quarrels - we'll have a bar-room brawl  
G  
When the Ham's bear say's its closing time - you won't have far to crawl  
D A7  
And when you run out of money - you'll have me to thank  
D G  
You can sleep it off next morning - when I'm putting it in the bank
