

# In Memory Of A Memory

## Tab Chords And Lyrics

### By Johnny Paycheck

Capo on 4<sup>th</sup> fret – Intro – G

I guess I owe - the neighbors - an explanation

About the noise - coming from this ole house - and me

Lord but this feelin' - takes hold of me

God knows I fight it - but it takes control of me

That's why I'm here tonight - In memory - of a memory

See that back yard - that's where my baby's - used to play

And see that window - hey that's the bedroom - where we used to lay

Oh sure - you think I'm crazy - and hell I just might be

But as for tonight - I'm here in memory - of a memory

So go on back to sleep - and don't worry 'bout me

Out here in this night air - all alone

I'll be leavin' soon - as soon as I check each room

Cause it's still my home - still my home

Guess I'll go - water the flowers - like she asked me to

Wish I'd done ---- way back then - when she asked me to

Lord but this bottle - took hold of me - God knows I fought it

But it took control of me

That's why I'm here tonight - in memory - of a memory
