

# It's The Same Old Song

## Tab Chords And Lyrics

### By The Four Tops

Intro - C-Am X4  
C

You're sweet - as a honeybee

But like a honeybee stings you've gone and left my heart in pain

All you left - is our favorite song - The one we danced to all night long

It used to bring - sweet memories - Of a tender love - that used to be

Now it's the same - old song

But with a different meaning since you been gone

Now it's the same - old song

But with a different meaning since you been gone

**Intro** - C-Am-C-Am

Sentimental fool - am I - to hear a old love song - and want to cry

But the melody - keeps haunting me

Reminding me how - in love we used to be

Keep hearing the part that used to touch our hearts staying

Together forever breaking up never

Now it's the same - old song

But with a different meaning since you been gone

Now it's the same - old song

Dm G F  
But with a different meaning since you been gone
