

Jukin City - Molly Hatchet

Intro - D

D

I think I was about seventeen - when my pappy said to me,
Come on now with me, Son goin' to take you to Jukin' City.
You can stomp your foots around to a pickin' country band.
I'm gonna buy you all the Jack Black that you can surely stand

Jukin' City, Jukin' City, - I'm going there with my old man.

Em G C

Jukin' City, Jukin' City, - I'm going there with a friend.

D

Jukin' City is a little place - down around Macon Town,
Sawdust floors - cold draft beer - and women all around.
We started dancing with two fat mamas they promised us a real good time.
The there fellas came into the place we had to fight to stay alive.
