When I was a young man - and the evening sun went down
I'd walk along those railroad tracks and I'd listen for that sound

G D
Kansas City Southern - man and that's a lonesome sound
D G
Well I'd sit and watch those trains go by and I'd wish

That I was onward bound

Well, I dream about the big cities and the pleasures that I keep
Along about 12:30 through the phases of my sleep I hear that
