So it was no surprise the day she learned
Em C D G
That her Texas man would not return -- To Lonesome Dove

Em G

C D
A Christian woman in the devil's land
Em Bm
She learned the language and she learned to fight
C Am D
But she never learned how to beat the lonely nights
G
In Lonesome Dove - Lonesome Dove

She watched her boy grow into a man
C G D G
He had an angel's heart and the devil's hand
Em C D Em C D
He wore his star for all to see - He was a Texas lawman legacy
G
Then one day word blew into town
C G D G
It seemed the men that shot his father down

Em C D
Had robbed a bank in Jerico

Em C D G
The only thing 'tween them and Mexico - Was Lonesome Dove

The shadows stretched across the land

C G D G
As the shots rang out down the Rio Grande

Em C D
And when the smoke had finally cleared the street

Em C D
The men lay at the ranger's feet

G
But legend tells to this very day

C G D G
That shots were comin' from an alleyway

Em C D
Though no one knows who held the gun

Em C D G
There ain't no doubt if you ask someone – In Lonesome Dove
