

# Lonesome L.A. Cowboy

## New Riders Of The Purple Sage

Original key = capo 2nd fret

Intro - C-G-D-G

I'm just a lonesome L.A. cowboy - hangin' out - hangin' on  
To your window ledge callin' your name - from midnight - until dawn  
I've been - smokin' dope - snortin' coke - tryin' to write a song  
Forgettin' everything I know til the next line - comes along  
Forgettin' everything I know til the next line comes along

There's so many pretty people in the city - I swear - some of them are girls  
I meet'em down at Barney's Beanery - with their platform heels and spit curls  
I buy'em drinks - we smoke our hopes try to make it one more night  
But when I'm left all alone at last I feel like I'll die from fright

Break - G-D-C-G ... G-D-C-D .... C-D-G-C .... C-G-D-G

Well I know - Chris and Rita - and Marty Mull - are meeting at The Troubadour  
We'll get it on with the joy of cooking - while the crowd cries out for more  
'Round - six o'clock this morning - I'll be gettin' kind of slow  
When all the shows are over honey tell me where do you think I go?
