

Just The Way You Are

Lyrics And Tab

(By Billy Joel)

C D G
Country deejays know that I'm an outlaw
C
They'd never come to see me in this dive
G E7
Where bikers stare at cowboys who are laughing at the hippies
A7 D D7
Who are praying they'll get outta here alive

C D G
The loud mouth in the corner's gettin' to me
C
Talking 'bout my earrings and my hair
G E7
I guess he ain't read the signs that say I been to prison
A7 D D7
Someone ought to warn him 'fore I knock him off his chair

C D G
'Cause my long hair just can't cover up my red neck
C
I've won every fight, I've ever fought
G E7
Hey, I don't need some turkey telling me that I ain't country
A7 D D7
And sayin' I ain't worth the damned ol' ticket that he bought

G G7 C
'Cause I can sing all them songs about Texas
D D7 G
And I still do all the sad ones that I know
G7 C
They tell me, I look like Merle Haggard
A7 D
And sound a lot like David Allen Coe

C D G
And the bar maid in the last town that we played in
C
Knew the words to every song I'd wrote
G E7
She said, Jimmy Rabbit turned her on to my last album
A7 D D7
Just about the time the jukebox broke

C D G
Yeah, Johnny Cash helped me get out of prison
C
Long before Rodriguez stole that goat
G E7
I've been the Rhinestone Cowboy for so long, I can't remember
