

Love Caught Up To Me

Dwight Yoakam

Drop D Tuning

Intro D

Baby, I couldn't hide - no matter how hard I tried
Was foolish to have begun - to believe I'd ever outrun
And honey I had no call - to try and escape at all
'Cause by the time I got free - love caught up to me

Baby, I used to have ways - to avoid anyplace
That even had half the chance - to cut in on my dance
Yeah my cool heart hung around - only if it couldn't be found
But showed up permanently - when love caught up to me

The fascinations of each lie - I told myself were reasons why
The feeble boast I made alone - sound faded worn and all outgrown

Break - G-D-A-D ... G-D-A-D

Hey I could never afford - honey all it would cost
To replace what you do - if it ever got lost
But baby I'd beg and steal - just to keep how I feel
A way I never did need - till love caught up to me
