D G D  
Me and my baby, we got on the midnight bus  
G D  
Pulled out of Durham and left in a cloud of dust  
G D  
Headed for the border of North and South Caroline  
G A D  
This time - tomorrow she'll be mine

G D  
After we had travelled for a while on the midnight bus  
G D  
We fell out and had an awful fuss  
G D  
I stood up and I pulled the buzzer chord  
G A D  
I got off and the driver slammed the door

G D  
Standin' in the highway, holdin' my suitcase tight  
G D  
Watching that midnight bus pull out of sight  
A G D  
She's gone, my baby's gone and I'm alone  
A G D  
She's gone, my baby's gone and I'm alone

G D  
Loved and lost my baby on the midnight bus

Loved and lost my baby on the midnight bus

She's gone, my baby's gone - and I'm alone

She's gone, my baby's gone - and I'm alone

I'm all alone x3
