### Chords & Lyrics – By Philip Philips

Capo 1<sup>st</sup> fret |(optional)

Em A7 Bm  
Right now I need an escape - From this gravity - that holds me down

Em A7 Bm  
We gotta leave here today - Cause insanity - is all around

Em A7  
Cause we're works of art - We're falling stars

Bm  
We're fire waiting for a spark

G A7  
Yeah, we're gonna be miles up, up, up

Bm D  
No, we're never gonna come down - No, we're never gonna come down

G A7  
Yeah, we're gonna be miles up, up, up

Bm  
No, we're never gonna come down

Em A7  
It's getting harder to breathe - In this atmosphere

Bm  
From these dizzy heights

Em A7 Bm  
With you close to me - we can disappear - In this endless night

Em A7  
Cause we're works of art - We're falling stars
