## Tab Chords And Lyrics

### By Jim Croce

Intro – G-F-C-G

C F C F  
We've been runnin' away from -- somethin' we both know  
C E F C F C A# G  
We've long run out of things to say -- and I think I'd better go  
C F C E Am D7  
So don't be gettin' excited -- oh when you hear that slammin' door  
C G F C  
Cause there'll be one less set of footsteps -- on your floor -- in the mornin'

F C F  
And we've been hidin' from somethin' -- that should have never gone this far  
C E F C F C A# G  
But after all it's what we've done --- that makes us what we are  
C F C E Am D7  
And you've been talkin' in silence -- well if it's silence you adore  
C G F C  
Oh there'll be one less set of footprints -- on your floor -- in the mornin'

F C  
Oh there'll be one less set of footsteps on your floor  
F C  
One less man to walk in  
F G  
One less pair of jeans upon your door -- One less voice a-talkin'

C F C F  
But tomorrow's a dream away -- and today has turned to dust  
C E F C F C A# G  
Your silver tongue has turned to clay - and your golden rule to rust  
C F C E Am D7  
If that's the way that you want it -- well that's the way I want it more  
C G F C  
Cause there'll be one less set of footprints -- on your floor -- in the mornin'
