Capo on 2<sup>nd</sup> fret- Intro D - A/Db - Bm - A - G - G/Db (B string)

D                      A/Db              Bm                      A                      G  
Lying beside you, here in the dark, feeling your heart beat with mine

Softly you whisper, you're so sincere, how could our love be so blind

Em                                      Bm                      A/Db D              A                      G G/Db (B string)G  
We sailed on together ... we drifted apart, and here you are by my side

D                                      Gbm                      G                                      C7  
So now I come to you ... with open arms, nothing to hide .. believe what I say

D                      Gbm                      G                                      C7  
So here I am ... with open arms, hoping you'll see ... what your love means to me
