

River Song

Roger Creager

Capo 3rd fret = original key

Intro - G

G D C G
This is my river hat, I've had it for years
C G Em D
I've shared some good times in it - Drank a lot of beers
G D C G
It fell in a campfire on the banks of the Comal River
C G Em D
Burned a hole clean through it - Ol' Chuck said it matched my leather

C G Em D
So I think I'll raise a cold can - For the things that keep us together
C G Em D
And I'll drink a toast to old friends - And the times we'll always remember
C G D Em
If you've ever had - a good time here - Get'em up - sing along
C D G Em C
This is our river song

G D C G
These are my old river shoes - They don't match, and I don't care
C G Em D
I searched all day - and rescued Flip - But Flop's still out there somewhere
G D C G
Like my Frio fishing buddy Mark - The Marines shipped him away
C G Em D
Yeah, we sure do miss him - But I'll see him one fine day

C G Em D
And I think I'll raise a cold can - For the things that keep us together
C G Em D
And I'll drink a toast to old friends - And the times we'll always remember
C G D Em
If you've ever had - a good time here - Get'em up - sing along

C D C G Em D C D G

G D C G

This is my river - I don't own it - but it's mine

C G Em D

Along with every soul who's ever rode - a tube or wet a line

G D C G

To me this place is sacred - there are those who feel the same

C G Em D

This river's just like holy water - Running through our veins

C G Em D

And I think I'll raise a cold can - For the things that keep us together

C G Em D

And I'll drink a toast to old friends - And the times we'll always remember

C G D Em
