Tab Chords And Lyrics

By Clay Walker

Intro Am-G

Somethin bout the way she's wearing - her dress a little tighter

Somethin bout the way she's starin - she's lookin to start a fire

Somethin bout the way she's dancin and - drinkin chill patron

If she's lonely now she won't be lonely long

Heaven help the fool who did her wrong

It's too late - too bad - she's too far gone

He should've thought of that - before he left her all alone

If she's lonely now - she won't be lonely long

Somethin bout the way she's blushin - you can tell she isn't sure

Let you know she's up to something - she's never done before

Tonight she wants to hold a stranger - but not the one at home

If she's lonely now - she won't be lonely long

Heaven help the fool who did her wrong

It's too late - too bad - she's too far gone

He should've thought of that - before he left her all alone

If she's lonely now - she won't be lonely long
