

Slip Away

Tab Chords And Lyrics

By Clarence Carter

Original key is C# so capo 1st fret or use C#,Gb,Ab,Bbm

Intro – Am-G-F-C-F-C-F

What would I give ----- for just a few moments
What would I give ----- just to have you near
Tell me you would try ----- to slip away somehow
Oh I need you darling ----- I want to see you right now
Can you slip away, slip away -- Slip away --- oh I need you so
Love oh love --- how sweet it is
When you still involve it let me tell you something now --- how sweet it is
Now I know it's wrong --- the things I ask you to do
But please believe me darling --- I don't mean to hurt you
But can you slip away --- Without him knowin you're gone
Then we could meet somewhere --Somewhere where we both are not known
Can you slip away, slip away -- Slip away-ay-ay-ay --- I need you so
Oh can you slip away baby ---- I'd like to see you right now darling
Can you slip away now baby ----- Cause I got to, I got to see you
I feel a deep burning inside -- Oh I wish you could slip away
