

# Smokin Cigarettes & Drinkin Coffee Blues

## Tab Chords And Lyrics

### By Lefty Frizzell

Intro – G-C

I guess I'll take a walk tonight, I know that I can't sleep  
And I don't go to bed at all, I just lay there and weep  
Instead I'll make our favorite spot, that's what I think I'll do  
I've got those smokin' cigarettes and drinkin' coffee blues

Smokin' cigarettes and drinkin coffee all night long  
Wonderin' how a love so right could suddenly go wrong  
I'd take the next bus out of town, but I gotta be near you  
I've got those smokin' cigarettes and drinkin' coffee blues

Sittin' at the table where I call my baby's name  
Wonderin' where our love went wrong, wonderin' who's to blame  
Listenin' while the jukebox plays the songs that make me blue  
Another cup of coffee and a cigarette or two  
Smokin' cigarettes and drinkin coffee all night long  
Wonderin' how a love so right could suddenly go wrong  
I'd take the next bus out of town, but I gotta be near you  
I've got those smokin' cigarettes and drinkin' coffee blues
