

## The Snakes Crawl At Night Chords & Lyrics – Charley Pride

E

Oh the snakes crawl at night - that's what they say

B7

E

When the sun goes down - and the snakes will play

I watched that car pull right up into my driveway

B7

Saw a shadow slip away from my house

So I hurried straight and looked - in her room

E

And I found out that it was my loving spouse .... .....Ch

So I waited in the shadows until morning

B7

And the gun I held was trembling in my hand

No I did not plan to give them any warning

E

For the devil on my shoulder had command ..... Ch

Oh the trial in a little while was over

E

And they sentenced me to die right away

But before I leave this courtroom please Your Honor

E

There's something more that I would like to say
