

Thirsty In The Rain

Chords And Lyrics

By Peter Rowan

Intro – G-F-C-G-F-C-G

There's an eagle and he keeps on flying
Over mountains capped with white snow
In green valleys lonesome people trying so hard
To tell each other - what they think they know
With greedy hands they take each others money
Just to buy back each others place
In this land of flowing milk and honey
They'll wander thirsty - in the rain --- Thirsty in the rain

Intro – G-F-C-G-F-C-G

Like that eagle now my soul is flying
Over mountains through crimson morning sky
And there don't seem to be no use in struggling so hard
There don't seem to be no reasons why
I must fight you for this rich man's money

C G
I can buy back his helpless place
Em Bm
He seems so useless - and somehow funny
F C G A7 F C G
To be thirsty - in the rain ----- Thirsty in all this rain

Intro - G-F-C-G-F-C-G

D F
Fare thee well now my own true lover
C G
My face you 'll never see here no more
D F
But there is one promise that is given
C G
I'll meet you on that shiny golden shore
D F
Golden shore love where the eagles soar
C G
So high above the fruitful plain
Em Bm
I'm the same friend - that you knew when
F C G A7 F C G
We wandered thirsty in the rain ---- Thirsty in the rain
