

# This Is My Life - Kim Larson & Gasoline

Intro - C

C            G   Am            F

This is my life - this is my time

Am                    G            F            C

Just show me the light - and I go there

                  G    Am            F

Give me the wine - bitter and sweet

Am                    G            F            C

And a little bit of bread - that's all I need.

Am                                    E7

No, I don't want - the gold from Xanadu

      F                                    C            G6   Am

I think I leave it all to you .. why why why

                  G        f            C

This is my life - and I don't care

                  G    Am            F

This is my street - are you restless feet

Am        G        F        C

Carry me on - to anywhere

                  G    Am        F

Ohhhh - Take the fear - take it away

Am                                    G            F            C

And give me some hope - for one more day

Am                                    E7

I saw a ghost - behind the door

                  F                                    C            G6   Am

When the kids were coming home from the war -- why why why

                  G                    F            C

With broken dreams - and nothing more
