G Em Bm  
Mother doesn't know where love has gone  
C Em F C  
She says it must be youth that keeps us feeling strong  
G Em Bm  
I see it in her face that's turned to ice  
C Em C D  
And when she smiles she shows - the lines of sacrifice

G6 C D  
And now I know - what they're saying  
G D/Gb Em  
As our sun begins to fade  
C G6 Am D G  
And we made our love on wasteland - And through the barricades

Em Bm C Em  
Father made my history- He fought for what he thought  
F C  
Would set us somehow free  
G Em Bm  
He taught me what to say in school  
C Em C D  
I learned it off by heart - but now that's torn in two

G6 C D G D/Gb Em  
And now I know what they're saying - In the music of the parade  
C G6 Am D F C G  
And we made our love on wasteland - And through the barricades

G            Em            Bm  
Born on different sides of life  
C            Em            F            C  
But we feel the same and feel all of this strife  
G            Em            Bm  
So come to me -when I'm asleep  
C            Em            C            D  
And we'll cross the line and dance upon the streets

G6 C            D            G D/Gb Em  
And now I know what they're saying - As the drums begin to fade  
C            G6            Am            D            G  
And we made our love on wasteland - And through the barricades

F            C            G  
Oh, turn around and I'll be there  
F            C            G  
Well there's a scar right through my heart but I'll bare it again  
F            C  
Oh, I thought we were the human race  
G            Em  
But we were just another borderline case  
C  
And the stars reach down and tell us  
D Dsus D  
That there's always one escape

G D/Gb            Em  
Oh, I don't know where love has gone  
C            G6            C            D  
And in this troubled land - desperation keeps us strong  
G Gb/D            Em  
Friday's child is full of soul  
C            G6            C            D  
With nothing left to lose, there's everything to go

G6  C                          D  
And now I know what they're saying  
          G      D/Gb          Em  
It's a terrible beauty we've made  
          C      Gb          Am  
So we make our love on wasteland  
          D                          G  
And through the barricades

          G6  C                          D  
And now I know what they're saying  
          G      D/Gb          Em  
As our hearts go to our graves  
          C      Gb          Am  
So we make our love on wasteland  
          D                          F  C  F  C  G  
And through the barricades
