

Golden Smog

Until You Came Along

Intro - Em-G-D ... Em-G-D ... Em-G-D .. A-D

Sometimes you're up - sometimes you're down

Don't let your feet - ever touch the ground

Aw comfort me - in times of doubt

Deep despair lies and cares and a falling out

With my friends I used to follow - Nearly everybody's daughter

That's until you came along

In a barroom - patrons singing - But I just sat there drinking

That's until you came along

Your star-crossed eyes - and your troubled mind

Seems you were left - just for me to find

Sweet lady lay - your hand in mine

Upon my face - laid to waste by years of wine
