

Washable Ink

Tab And Lyrics

By The Neville Brothers

Capo on 1st fret (optional)

Intro - D

Little girl - playin' with the moonlight - Shine it on me - ohh shine it on me

There's a cloud --- over my life and its troubling me --- troubling me

Such a world - such an invitation --- Come as you are - come as you are

Subject to change - but we'll try not to leave any scars

Washable ink if you think it stinks you can cry it away

They dont want to hear your sad story today

Everybody's busy - whoever they are

Washable ink put it in the sink if you've had enough

But if you're on the brink of the usual stuff

Wait 'til it rains - and give it away - give it away

Little girl - they just want to train you

To keep them amused - ohh to keep them amused

They dont know - you got your match to the end of that fuse

Such a life - such a long vacation - A tourist parade - it's a tourist parade

I'm going to sleep - wake me up when I've got it made

Ch x 2
- give it away -- - give it away -- - give it away -- - give it away
