Intro – E-A-E

```
  E                          A
Waterfall, nothing can harm me at all
My worries seem so very small
                   E    Esus   E
With my waterfall
                                A
I can see  - my rainbow calling me
                                                  E   Esus   E
Through the misty breeze - of my waterfall

D                      A                                  B                  E
Some people say - day-dreaming' is for all the- lazy minded fools
With nothing else to do
D                        A                Gbm                          D
So let them laugh - laugh at me - So just as long as I have you
               A                                 B
To see me through - I have nothing to lose - 'long as I have you

E                          A
Waterfall - don't ever change your ways
                                                      E  Esus  E
Fall with me for a million days - Oh, my waterfall.
