

# When The Thought Of you Catches Up With Me David Ball

Intro - G

C D G  
It can happen any moment - Without reason or rhyme

C D G  
It might be right around the corner - Or it'll come up from behind

C D G D/Gb Em C  
A picture that I thought would fade - I still clearly see

G Bm C D G Bm Am7 D  
When the thought of you catches up with me

C D G  
It can happen on a Sunday drive - The sky above a shade of blue

C D G  
Headed down some lonesome highway - Then you come into view

C D G D.Gb Em C  
Mile after mile goes by - But you're all I see

G Bm C D G Bm Am7 D  
When the thought of you - Catches up with me

C D G  
When the thought of you - comes to mind

Em A7sus A7 Dsus D  
It'll carry me away - to a better place and time

C D G  
It can happen in the dead of night - Any day of the week

C                        D                                G  
Sometimes you'll come find me - When I'm in bed asleep

                                C                                D                                G  D/Gb  Em  C  
And I'll have that dream about you - I sure love what I see

G                Bm                C                D                                G  
When the thought of you - catches up with me

                        Bm                C                D                                G  
When the thought of you - catches up with me

                        Bm                C                D                                G  
When the thought of you - catches up with me
