C

Up and up and up I climb  
When I came up I was so far behind

Fmaj7

My head takes a lickin' - But my heart keeps on tickin'

C

Just the same

Fmaj7

Always startin' over - but somehow I always know where to begin

C

Round and round and round I ride  
And just when I looked - I hadn't even began

Fmaj7

C

To feel the effect - A cool, dark fever On the brain

Fmaj7

C

That feelin' takin' over - Like a holy rollercoaster - To the grave

Fmaj7

How can I await the day?

G

And last the night I'm here to see?

Fmaj7

G

How do I await the - mother lode?

Fmaj7

C

It's the art of - feeling naked - in your clothes

Again, again, again I tried

That's how I knew I would never be denied

Fmaj7

C

That face in the mirror - Who could it be? It was my own

Fmaj7

C

That cool, dark figure - That's when I knew I was alone

On and on and on I drive

When will I know I have finally arrived?

Fmaj7

C

So far I've gone, so far to go - It never ends

Fmaj7

Always starting over

C

But somehow I always know where to begin

Fmaj7

Always starting over

C

But somehow I always know where to begin

Fmaj7

Always starting over

C

But somehow I always know where to begin
