

Without You

The Dixie Chicks

No capo = original key

Intro - D

I've sure enjoyed the rain - but I'm looking forward to the sun
You have to feel the pain - when you lose the love you gave someone
I thought by now that time - would take away these lonely tears
I hope you're fine all alone- where do I go from here

'Cause without you I'm not okay - And without you I've lost my way
My heart's stuck in second place - ooh - Without you

Well I never thought I'd be - lying here without you by my side
It seems unreal to me - that the life you promised was a lie
You made it look so easy- making love into memories
I guess you got what you wanted - but what about me

Ch

Break - Em-Gbm-G-D ... Em-Gbm-G-A

Somebody tell my head to try to tell my heart - That I'm better off - without you
'Cause baby I can't live
