Capo On The 5<sup>th</sup> - Intro - D-Gb-Bm-D7-G-D

D A  
Well, I had just got out from the county prison doin' ninety days for non-support  
D  
Tried to find me an executive position, but no matter how smooth I talked  
G E7  
They wouldn't listen to the fact that I was a genius, the man say, we got all that we can use  
D Gb Bm D7 G D  
Now I got them steadily depressin', low down mind messin', working at the car wash blues  
D A  
Well, I should be sittin' in an air conditioned office in a swivel chair  
D  
Talkin' some trash to the secretary, sayin', here, now mama, come on over here  
G E7  
Instead, I'm stuck here rubbin' these fenders with a rag and walkin' home in soggy old shoes  
D Gb Bm D7 G D  
With them steadily depressin', low down mind messin' workin' at the car wash blues  
G D  
You know a man of my ability, he should be smokin' on a big cigar  
G E7 A7  
But till I get myself straight I guess I'll just have to wait, in my rubber suit a-rubbin' these cars  
D A  
Well, all I can do is a shake my head, you might not believe that it's true  
D  
For workin' at this indoor Niagara Falls, is an undiscovered Howard Hughes  
G E7  
So baby, don't expect to see me, with no double martini in any high-brow society news  
D Gb Bm D7 G D  
Cause I got them steadily depressin', low down mind messin', workin' at the car wash blues  
G E7  
So baby, don't expect to see me, with no double martini in any high-brow society news  
D Gb Bm D7 G D
