And I swear it's true I was just about to say I love you. (love you) x2

Now my body is shaking like a wave on the water
And I guess that I'm beginning to grin
Oh we're finally alone and we can do what we want to
The night is young ain't no one gonna know where, no one gonna know where
No-one's gonna know where you've been.

You were licking your lips and your lipstick shining
I was dying just to ask for a taste.
We were lying together in a silver lining by the light of the moon.
You know there's not another moment to waste.

Ch x 2

Ah it must have been when you were kissing me

You took the words right out of my mouth
Ah it must have been when you were kissing me
You took the words right out of my mouth
Ah it must have been when you were kissing me
