G A7 D
I had nothing to do on this hot afternoon - but to settle down and write you a line

G
I've been meaning to phone you but from Minnesota

A7 D
Hell it's been a very long time

G A Em D/Gb G A7sus A7
You wear it well - A little old fashioned but that's alright

G
Well I suppose you're thinking I bet he's sinking

A7 D
Or he wouldn't get in touch with me

G A7 D
Oh I ain't begging - or losing my head - I sure do want you to know

G A7 Em D/Gb G A7sus A7
That you wear it well - There ain't no lady in the land so fine

G
Remember them basement parties - your brother's karate

A7 D
The all day rock and roll shows

G A7 D
Them homesick blues - and radical views - haven't left a mark on you

G A Em D/Gb G A7sus A7
You wear it well - A little out of time but I don't mind
But I ain't forgetting that you were once mine - But I blew it without even tryin' 
Now I'm eatin' my heart out - tryin' to get a letter through

BREAK – A-Em-D/Gb-G-A7sus-A7 .... Em

Since you been gone it's hard to carry on

I'm gonna write about the birthday gown - that I bought in town

When you sat down and cried on the stairs

You knew it did not cost the earth - But for what it's worth

You made me feel a millionaire

And you wear it well - Madame Onassis got nothing on you

Anyway, my coffee's cold - and I'm getting told - that I gotta get back to work

So when the sun goes low and you're home all alone

Think of me and try not to laugh

And I wear it well - I don't object if you call collect

But I ain't forgetting that you were once mine - But I blew it without even tryin'

Now I'm eatin' my heart out - tryin' to get a letter through
